Last year Pohnpei State received this grant and conducted a very successful summer reading program. All the four States wanted to fund summer reading programs for their youth next summer and requested that the National Archives facilitate by writing and transmitting the grant on their behalf. The grant application was successful, and if approved, would fund design of the summer reading programs, gather and reproduce training materials, coordinate and monitor the summer reading programs. The summer reading programs will take place at the state public libraries in summer 2016. Your Committee was impressed with this program as it has the dual purpose of assisting our youth with their reading skills and giving them a positive activity for the summer months.

Your Committee has attached a brief budget summary to this report for review.

Your Committee on Health and Social Affairs is in accord with the intent and purpose of C.R. No. 19-97, and recommends its adoption in the form attached hereto.
